SPECIAL CONDITIONS:

AS PER ATTACHED SPECIAL CONDITIONS SHEET

Approval is hereby given for the above works to commence subject to any special conditions indicated and subject to the work being carried out in accordance with the approved drawings and specifications. This Certificate, together with copies of approved plans and specifications, must be retained on the site at all times and must be produced on demand to any officer of the National Airports Corporation.

Non-compliance with the above may result in the work being stopped.

The issue of this Certificate does not relieve the Construction Authority and the Contractor of their responsibilities with regard to the Building Act and Regulations or the appropriate Act of the Government of the Papua New Guinea, appertaining to buildings, roads, services etc. within the surrounding locality.
